## Ellaree Rockey : EJ's Showpigs

For my swine entrepreneurship SAE I raise and breed my own show pigs. I have had 4 litters so far in the past three years. Within this project some of the tasks that I do are feeding, showing, farrowing and breeding using AI. I currently have two gilts one of them is a purebred Berkshire who will be bred to have a litter this summer. I also have a crossbred gilt who just farrowed out her first litter within that litter she has 10 piglets some of which I will show this summer and others will be sold to other 4-H and FFA members. With this SAE I have started my own business and I plan on continuing this after high school

I have also just recieved gold state winner in the swine entrepreneurship poroficiency award area.

# AG CAREER FAIR

By Kade Temple

---

On March 6, 2024, our FFA chapter took juniors and seniors that are in an Ag class to a career fair in Alamosa, Colorado where there were multiple businesses that were willing to talk to the kids about what they do and how they got to the point that they are at. These businesses were also giving opportunities for summer jobs to the kids that are still looking for something to do this summer. The Army National Guard was there and they told the students about multiple options on how to get into the Army and when they can start. The Research center was also there and they were offering jobs to those interested in helping out this summer as well. The Colorado potato administrative committee put on this career fair for multiple schools in the valley.

Sargent FFA Alumni and Supporters Group was started last year. This group was founded to help support Sargent FFA in an organized and professional way. The group allows supporters to offer time, support, and encouragement to the members of the chapter. Meetings are held on the first Wednesday of every month. Anyone who is interested is welcome to attend. If there are any questions, please feel free to reach out by email to: [sschaller@sargent.k12.co.us](mailto:sschaller@sargent.k12.co.us)
