### About

The SENG Model Parent Group (SMPG) is a 10 week series of discussions guided by SENG-trained facilitators about the social and emotional needs of gifted children and how to parent to meet those needs. It is an opportunity for parents to connect and learn from one another. The goal is to understand how to best communicate with, motivate, discipline, and nurture your gifted child. You will be able to share your successes, concerns, joys, and challenges of parenting your gifted child in a safe, confidential environment.
