Sargent Farmer Parents

Attention! Extra! Extra!

The DAC needs your voice to make our district the best it can be!

What is DAC? The District Accountability Committee is a state mandated committee that is made up of voting members that are parents, community members, former students, etc. The DAC has specific duties to review in its purview such as; budget, calendar, and teacher assessment. It can decide other objectives as well that it sees fit. This is the place where parents and community members can make their voices heard, as well as, receive important updates on the business of the school district.

When does DAC Meet? Every two months through out the school year (5 meetings) the DAC meets usually on the first Tuesday of the month at 6:30 in High School Library.

Why is DAC important? Besides serving as an advising group to the school board and the district administration, this is an important place for different community members to have in put. Sargent is 70 to 80% out of district students, yet only in district community members can serve on the school board. This committee gives a voice to out of district parents and other supporters of the school.

Why me? DAC is another opportunity for caring community members to serve the district, educate themselves about the workings of the district, and share their skills and knowledge in making it excel!
